

What Is ABA Therapy?

Applied Behavior Analysis (ABA) is an evidence-based therapy based on the science of learning and behavior.

ABA Therapy applies our understanding of how behavior works to real situations. The goal is to increase behaviors that are helpful and decrease behaviors that are harmful or affect learning.

Each child's treatment goals are personalized based on their age and individual need.

Intensive ABA Therapy can be up to 40 hours per week of direct therapy with an ABA Therapist allowing us to work on goals across all developmental domains: cognitive, adaptive, social, emotional.

We're Here For You.

Parent Testimonials

► I just want to say that it will be the best ABA center your child could attend. My son has had amazing changes and has improved a lot. All the staff is super friendly and considerate of the needs of each child they serve in the center they're just amazing. I am very grateful for all the support they have given me with my son.

► My daughter has been attending Kaleidoscope ABA for a few months now. I am so thankful for the staff and all they do for not only my child but all the children here. I know they are treated great. I don't usually post reviews but I feel like I absolutely need to. If you are on the fence about where to send your child for services this place is absolutely amazing!

Kaleidoscope ABA Therapy Intake & Assessment Process

1 Initial Call

CALL 877.ABA.0399 to speak with one of our Autism Specialists.

Should a translator be necessary, please email us and let us know at ABA@KFSABA.org

2 Collect Information & Documentation

Our Intake Care Team will collect information. Prior to moving forward, we will need proper documentation to ensure a smooth and timely process.

3 ABA Assessment

Once all of the information and the insurance verification is received, we will schedule an assessment with one of our Board Certified Behavior Analysts (BCBAs).

4 Treatment Plan Review

We recommend a personalized treatment plan outlining goals and hours of services per week. Then submit it to the insurance company for authorization.

5 Start Services

When the authorization is received from insurance company, services can be scheduled.

6 Support

Our highly qualified and caring staff is here to help you!
