

Empowering Families Transforming Lives

We help children with autism build confidence, in communication and everyday skills through personalized ABA therapy

Our Approach

At Learning Horizons ABA, we are dedicated to providing personalized and effective education consulting services for individuals with Autism and related disorders. Our team is passionate about making a difference in the lives of our clients, and we strive to empower them to reach their full potential. Services are supervised by Board Certified Behavior Analysts (BCBAs) and grounded in evidence-based practice.

Run by **Special Educators,** **Not Corporations**

Clinician-led services focused on quality, ethics, and individualized care — not volume.

Our programs are built on compassion, expertise, and a deep understanding of each child's unique needs. We put families first, offering personalized care from professionals who are truly invested in your child's success

ABA THERAPY

SERVICES, ADVOCACY & CONSULTATION

Supporting children with autism across home, school, and community settings through evidence-based ABA services.

About Learning Horizons ABA

Learning Horizons ABA is committed to enhancing the quality of life for individuals with Autism and related disorders. Our therapy is grounded in the proven principles of Applied Behavior Analysis (ABA) widely recognized as the gold standard in evidence-based treatment for Autism.

We accept all major commercial insurances and Medicaid

Our Services

01. In-Home ABA Therapy Sessions

In-Home, School, After-care programs and Daycare Centers

At Learning Horizons ABA, we're committed to enhancing the quality of life for individuals with Autism and related disorders. Our therapy is grounded in the proven principles of Applied Behavior Analysis (ABA), widely recognized as the gold standard in evidence-based treatment for Autism.

**Run By Special Educators,
Not Corporations.**

02. Functional Behavior Assessments (FBA)

If challenging behaviors are a concern, we conduct a Functional Behavior Assessment to determine the "why" behind the behavior. Includes:

- Reviewing behavior data and history
- Identifying environmental triggers and consequences
- Forming hypotheses about the function of the behavior (e.g., attention, escape, sensory, access to items). This step is essential for developing an effective Behavior Intervention Plan (BIP).

03. Parent / Caregiver Training

We empower parents and caregivers with the tools to support their child's progress outside of therapy sessions. Includes:

- Workshops, webinars, or one-on-one coaching
- Printable resources and guides
- Progress tracking tools

04. Advocacy Services

Navigating the world of special education, behavioral supports, and healthcare systems can be overwhelming. Our Advocacy Services are designed to help you become a confident voice for your child while also providing professional support in key situations.

05 School Districts

We collaborate with school teams to deliver individualized, evidence-based ABA services that align with each school's culture and student needs. Includes:

- Teacher and staff training and coaching
- School-based consultation services
