New Chapter is a co-occurring recovery program, for treatment of substance use and mental health disorders. New Chapter is a state licensed facility and is fully accredited by The Joint Commission.

Our team consists of highly experienced, licensed, medical and mental health professionals, who specialize in treating substance use and mental health disorders.

Our program offers:

- ★ An evidence-based clinical approach
- ★ Assistance to adolescents in developing the skills to overcome addiction and to decrease/stabilize mental health symptoms
- ★ Individualized treatment and therapy sessions, with a holistic focus on healing and growth, mentally, academically, and physically.
