Every aspect of your child's ABA therapy plan is designed to highlight their strengths and facilitate progress.

### ASSESSMENT

**We really get to know your child.**

Our BCBA observes your child to identify their strengths and challenges. This helps us create a personalized plan to achieve important goals.

### HOME-BASED THERAPY

**We want therapy to be convenient and comfortable.**

Our Registered Behavior Therapist (RBT) will visit your home regularly to help your child learn new skills to carry through life.

### PARENT TRAINING

**You are your child's best advocate.**

We help you to make the most of ABA therapy by offering tools to integrate therapy goals at home.

### INTERDISCIPLINARY COLLABORATION

**We work together towards comprehensive success.**

By maintaining constant communication and coordination with teachers and other care providers, we ensure seamless support.

## How can ABA therapy help my child?

**Communication** Enhances your child's ability to express their needs, thoughts, and emotions effectively

**Personal Care** Teaches self-care routines, from dressing to personal hygiene, to promote independence

**Safety Skills** Equips your child with the knowledge and awareness to navigate their environment safely

**Following Directions** Improves your child's ability to understand and follow instructions, fostering better compliance and cooperation

**Time Management** Teaches your child how to effectively manage their time and achieve more

**We're ready to create a personalized care plan for your child.**
