

Mental Healthcare Connections of New Jersey

CONNECTIONS OF NJ

Do you know a child or teen who needs support to **work through anxiety, mood, or behavior challenges?**

Are you seeking guidance to reduce conflict at **home and strengthen family communication?**

Are you a school or community partner looking for a **trusted CSOC provider** for referrals and collaboration.

These are just a **few examples of the ways our team can help.**

MHCNJ provides child, adolescent, and family-focused mental health services New Jersey. We partner with caregivers, schools, and community to create practical plans that improve daily functioning and strengthen relationships.

OVERVIEW OF SERVICES

- **Intensive In-Community (IIC)** services (in-home/community-based)
- **Behavioral Assistant (BA)** services (skill-building and behavior support)
- **Caregiver coaching and family support**
- **Coordination with care managers, schools, and community partners**
- **Goal-driven** treatment planning and progress monitoring
- Crisis prevention planning and safety support (as indicated)

MHCNJ

If you need a provider for IIC or BA services, our Intake and Referrals Coordinators are:
