## Transitions Program

Our Transitions Program in Cherry Hill, NJ is a small group, center-based alternative instruction program for teens unable to attend their public schools due to anxiety, depression or other mental health challenges.

The goals of the Transitions program are to help students who are not attending or thriving in a school environment to return to a classroom-like setting, learn coping skills and transition back to their home district.

## STRIVE Autism Centers

Our STRIVE Autism Centers offer a range of integrated services including diagnostic services, Applied Behavior Analysis (ABA), behavioral parent training, individual & family counseling, social skills groups and support groups for families.

Our interdisciplinary clinical team includes Clinical Psychologists, School Psychologists, Board Certified Behavior Analysts and Mental Health Counselors. Our approach is collaborative, family-focused and individualized to meet your child's needs.

## First Children School

The First Children School, located in Fanwood, NJ is a New Jersey Department of Education approved private school for students in grades Pre-K through High School.

We specialize in educating students with multiple disabilities including those who are medically fragile, developmentally, intellectually or physically disabled, deaf or hard of hearing and/or visually impaired.

## School District Services

First Children Services provides services to public, private and charter schools, including ABA, consultation and mental health support.

We are a New Jersey Department of Education approved clinic and agency. We regularly partner with child study team members, guidance counselors and administration to best support the school community.

## Mental Health Services

First Children Services is an approved provider in the Children's System of Care (CSOC) to provide Intensive In-Home (IIH) Clinical Services, Intensive In-Community (IIC) Services and Individual Support Services (ISS) throughout New Jersey.

Our school-based service delivery model includes universal screening, individual counseling, family support, teacher training and professional development.
