NEW JERSEY
RURAL HEALTH TRANSFORMATION

A FREE PROGRAM FOR MOMS IN RURAL NEW JERSEY

LilyPADS

Pregnancy Access for Diabetes Support

Free, one-on-one telehealth support for moms managing diabetes during pregnancy, whether gestational or preexisting. We work alongside the doctor you already see.

A Dietitian Who Knows Pregnancy

One-on-one nutrition counseling and diabetes education, built around your life.

Monitors at No Cost

Continuous Glucose Monitors (CGM) **sent to your door free**, with a call to walk you through setup.

Support When You Need It

Regular check-ins when you need them, with a convenient app to keep you connected.

What This Means for Moms

- **Support between appointments.** No waiting weeks to find out something is off.
- **No extra driving.** Everything happens by phone or video, from home.
- **Providers stay informed.** We share updates on each mom's care plan and day-to-day management with her providers.
- **Cost is not the deciding factor.** Uninsured and underinsured moms are covered in full.
- **A healthier pregnancy.** Steadier glucose lowers the risk of complications for mom and baby.

WHO CAN JOIN

Moms pregnant with diabetes (gestational or preexisting) who see an OB in person and live in a rural New Jersey county:

Atlantic, Burlington*, Cape May, Cumberland, Hunterdon, Mercer*, Monmouth*, Ocean*, Salem, Sussex, Warren.

*Within federally designated tracts. Not sure? Sign up and we'll check for you.

Are you a mom, or do you know one, who needs support?

Sign up in a few minutes. No referral needed, no cost, and our team handles the rest.
