

NeuroInsight Psychological Services, LLC

Clinical and Forensic Psychology

About Us:

At NeuroInsight Psych, we specialize in comprehensive psychological evaluations for children, adolescents, and adults. Our assessments are designed to provide clear, evidence-based insights that guide treatment planning, educational supports, and informed decision-making in clinical, educational, and legal contexts. We understand that seeking an evaluation can feel overwhelming, and we are committed to making the process thoughtful, supportive, and respectful. Whether you are a parent, individual, or professional seeking clarity, we provide the knowledge and guidance needed to move forward with confidence.

About The Doctor:

Dr. Carl C. Papandrea is a licensed psychologist and Director of Mental Health at Essex County Correctional Facility. He specializes in psychological evaluations across correctional and community settings, with expertise in risk, custody, neuropsychological, and developmental assessments. He also provides autism and disability evaluations, guiding families, schools, and agencies in accessing services and supports.
