Home and center-based ABA therapy

Renowned professionals

When our families say they got real service, here's what they mean:

"The therapist takes pride in my child."

We love what we do and constantly invest in improving our skills so that your child can get more out of therapy.

"I feel like my child is the only client here."

We customize every aspect of the care plan, working on goals that are important to you, and encouraging your input along the way.

"The process was so smooth."

Our goal is to make ABA therapy easily accessible to anyone who can benefit from it, and hassle-free in the approval process.

Step forward with us

At Strides ABA we create a space for your child to step up his game and reach goals that previously seemed out of reach. With our team of highly trained professionals behind you, we'll be celebrating milestones together soon.

When behavioral challenges block the path to your child's success, we offer the boost he needs to get past the hurdles.

Focus on your child.

We create a personalized plan that celebrates your child's strengths and addresses their needs.

We're here for you.

We're here to listen to your concerns and provide practical guidance for every situation.

Team up for success.

We work with parents, teachers, and service providers to achieve the best outcomes.

Empower your family.

With the right tools and focused support, daily routines can become smoother and more efficient.
